The job of a bedside table is straightforward: provide room for a book, a watch, a bit of jewelry and a lamp—and you’ve accomplished the fundamentals. While our Ellipse Side Tables easily measure up to that baseline, its fine craftsmanship and simple elegance allows it to transcend the genre. With gently tapered legs that extend skyward punctuate its cherry top, and an open lower shelf for additional storage, it adds a touch of art to the bedside. And while it’s designed for the bedroom, its quiet elegance could easily find it in any living space—adding an element of style without stealing the show.
