The Chaise takes its inspiration from furniture designs created by European architects in the 1920's and 1930's. Taking our cue from Alvar Aalto, we've replaced tubular steel with the warmth of natural cherry and mortise-and-tenon joinery. The sinuous cherry frame supports a webbed back, upholstered in full-grain leather. A removable headrest provides additional comfort, if desired. The two-position Chaise reclines fully without any handles or gadgets. Simply lean back and let gravity do the rest.
