

## fireside

## fireside bench

FSB · 19"H × 46"W × 18"D

Clean lines, a simple box-construction and slender, tapered legs create a substantial bench that is surprisingly light and easy to move around. Tuck it away to be pulled out when you need additional seating, or leave it out as an excellent companion piece to our other living room furniture. Full-grain, topstitched leather envelops a comfortable three-inch cushion.
