Foreside is a bed and a mirror. These complementary pieces revisit our familiar spindle architecture, this time in a bedroom setting. As always through the lens of the Thos. Moser aesthetic, Foreside aims to celebrate our craft capabilities and define visible joinery in a new and evolutionary way. A pinned through tenon employed at each end of the row of vertical spindles on the bed comprise Foreside's hallmark joint; a detail that is recalled on the mirror. Foreside in showrooms Fall 2016.
