STUDIO TABLE

S-HTD • 30" H X 13-65" W X 52" L

Originally released in the eighties, the Studio Table is a shaker inspired design with flexibility and function top of mind. When folded, the table can be used against a wall, in a hallway or behind a sofa. Unfold half for a place to sip coffee in a breakfast nook or unfold all the way to quickly provide formal seating for four.
