OVAL RING COFFEE TABLE

CT-O • 17"H X 48"W X 28"D

Oval tables seem to foster conversation—one reason the oval is a popular shape for dining. We've expanded our line of Ring tables to include this lovely, narrower coffee table, designed to complement any of our lounge seating. Built to our exacting specifications, with tapered legs set flush into a curved, three-inch apron. The surface is grain-matched cherry, sanded into a richly satisfying shape and luster.
