## DRIFT CHAIR + OTTOMAN

**DL** • 39" H X 27" W X 36" D    **DO** • 16" H X 22" W X 22" D

After falling in love at first sight with Drift, you'll feel the depth of its character. The elegant, curvilinear wave that converges in a fluid, hand-sculpted arm. The simple contrast of an oiled cherry or walnut frame against gently shaped, all-embracing memory foam cushions. The superior comfort as you gently recline, sliding seamlessly and silently on an innovative dovetail glide. And when you combine the compact, space-saving symmetry of the chair with its nesting ottoman, you'll understand. This is a love affair to last a lifetime.
